Dear Mr. Bohannon:

As per the request of Tom Hnosco, I have enclosed the original file copies concerning the drilling and plugging of the Allan #1. Also the notes to the two attempts to re-enter and plug to shut off the gas are included.

The Oil Conservation Division Order R-6952 ordering an emergency re-entry and re-plugging of the Allan #1 is included. There has been no further forms filled out for the plugging in 1982. These reports and orders have sufficed in reporting the work performed on the well.

If you have any further questions, contact this office.

Yours truly,
