Re: Our # 1 Hare

Bloomfield Farmington

Attention: Mr. Emery C. Arnold

Gentlemen:

We have your letter of February 14, 1968 stating that the subject well does not have an acreage dedication plat.

We obtained this lease from W. A. Strickland on October 30, 1964 on an assignment which describes the property as follows:

Five acres of land down to a depth of 1,000 feet only, upon which there is oil and/or gas well known as the Hare # 1 with miscellaneous equipment thereon, in Section 14, Township 29 North, Range 11 West and containing five acres more or less, located in San Juan County, State of New Mexico.

Mr. Strickland obtained this well from George E. Willett on 14th of January, 1964 by a similiar deed.

This is the extent of our records on this lease. We have no plat stating or showing which five acres out of Unit 0 this well is located. We have no copies of any state forms in our files. In 1967 this well produced 81 barrels, in 1966 186 barrels, and 1965 208 barrels.

We would appreciate knowing if you have any location of this well in your files that we could use in dedicating this five acres for this well.

Thank you.

Sincerely,

  
Ray J. Diekemper, Jr.
