Dear Mrs. Pauley:

For several months Form C-115, "Operator's Monthly Report", has been filed for the subject well showing yourself as operator. However, our records do not reflect an operator name change from Wm. H. Pauley to Ruth Pauley Madden, and therefore, all reports filed for the well must bear Mr. Pauley's name. Please note that a change in ownership may be accomplished by first obtaining and acquiring Commission approval of a plugging bond, and secondly, by filing a change in operator on Form C-104 with the Commission's Aztec District Office.

Further, Form C-115, as filed with this office, has not been properly completed. Enclosed you will find an example of a correctly completed form which should be used as a model when filing future reports.

It is our understanding that you have been hospitalized for a time and have been unable to handle reporting of production to this office. Although we are sympathetic with your situation, it is felt that some competent person can be
