1. The first group of people who are going to be affected by the new law are the small businesses. These businesses are the ones that are going to be most affected by the new law. They are the ones that are going to be most affected by the new law.

It is of the greatest importance to have a complete history of the well. Please state in detail the dates of redrilling, together with the reasons for the work and its results. If there were any changes made in the casing, state fully, and if any casing was "sacked" or left in the well, give the size and location. If the well has been dynamited, give date, size, position, and number of shots. If plugs or bridges were put in to test for water, state kind of material used, position, and results of pumping or bailing.
