FARMINGTON NEW MEXICO

Dear Sir:

RE: Frank B. Marshall, an individual;
\$5,000.00 one-well bond; NE SE 13-29N-11W;
Commercial Std. Ins. Co.; approved 1-25-55

The Oil Conservation Commission approves the above-captioned bond as of this date, now that the surety company has set in proper corrections as to location of the well.

By letter of January 11 from the Armstrong Insurance Agency (addressed to our Astec office), we are advised that the well covered by this bond has been completed and is a producer, and the agency inquired as to length of time the bond must remain on file. Since the required bond is essentially a plugging bond, it must remain in force until the well is either ultimately plugged and abandoned, or else transferred to another (bonded) operator.

Very truly yours,

W. B. Macey, Secretary-Director
