Attn: Mr. L. W. McGlothlin

Dear Sirs:

We have received a deliverability test which you have submitted for the Union Texas Petroleum Company #1 New Mexico State "A".

We are issuing a supplement giving this well an allowable effective the date of connection. As soon as you have received the integrated data from El Paso Natural Gas Company please re-calculate the test and re-submit and we will correct your allowable to the new test at that time.

Yours very truly

Emery C. Arnold
Supervisor, District #3

Aztec, New Mexico

Attention: Mr. Emery C. Arnold

Dear Sir:

We forwarded you a deliverability test on Union Texas Petroleum Company - New Mexico State "A" Well No. 1 before we had received the deliverability data from El Paso Natural Gas Co. We had received the flow period orifice chart from this well in our office for integration check and to be photostated.

Our calculations from the chart were identical with the integrated data received from El Paso and no re-calculation will be necessary.

Thanks very much for your interest in this matter and for issuing a supplement giving this well an allowable effective the date of connection. A series of set-backs prevented us from completing the test as planned.

Yours very truly,

L.W. McGlothlin
