17. Describe Proposed or Completed Operations (Give Pertinant Details and Dates.)

The surface rehabilitation was accomplished on August 30, 1994 by seeding with Seed Mix No. 2 and by grading the berms alongside the access roadway back into the roadway, construction of water bars at each end, and reshaping to the original contour as agreed with Mr. Neel McBride during our preliminary field inspection.

The site is ready for inspection as of 8/31/94.

A copy of this notice is being forwarded to the El Paso Natural Gas Company parallel with this filing.
