Dear Mr. Arnold:

We would like to know if it is possible to check on New Mexico State Z 1 Gas Well. The payments seem to be rather few and far between, and not at all inclusive as to time covered by royalty payments. In 1963 we received payments in March and May. It was stated that the May payment was for Feb. Then in 1964 the payments were as follows:

Jan.	\$7.82
Feb.(for Dec.)	3.97
May(for Jan.,Feb.,Mar.)	8.02

That is the last that we have heard from them. The is still connected to the pipeline and is running. Also they are apparently hauling away some by-product from the tank from time to time. They have never made any payment on that. We have full minerals on 40A.

We would appreciate any information you could give us that would be beneficial.

Sincerely yours,

*Norman A. King*
