Re: Fifield Federal #1 G-5-29N-11W

Dear Doyle:

As you are probably aware, temporary abandonment on the referenced well expired 1-7-87.

In order to protect correlative rights, hydrocarbon bearing zones and fresh water, you are hereby directed to initiate action to repair the casing and return the well to production or to plug and abandon it within 60 days of this date. Failure to comply will result in a case being called for Beta Development Company, The Travelers Indemnity Company and all other interested parties to appear and show cause why the Fifield Federal #1, should not be repaired and returned to production or plugged and abandoned in accordance with a Division approved plugging program.

If you have any questions, please call.

Yours, truly,
