Hutchinson No. 1
Sec. 1-T29N-R13W, Unit A

Dear Mr. Broome:

I have contacted Mr. Emery Arnold, New Mexico Oil Conservation Commission, about the necessity of the above-referred-to deliverability test. Mr. Arnold stated that it was not necessary to conduct the deliverability test due to having an acreage assignment of only 40 acres.

As in the past the well will be assigned an allocation of 1,500 MCF per month.

Very truly yours,

Ewell N. Walsh, P. E.
