13. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)

Amoco Production Company still plans to do the bradenhead repair approved on 9/22/94. At the current time, we cannot rig up on location because the power company has a transformer in the middle of the location. We cannot tear it down and they are refusing to move it without compensation. Amoco plans to do the work as soon as this disagreement is settled.
