Dear Sir:

We are submitting gas well plats for Mortheast Blanco Unit Well's 23-6 and 31-7, to request temporary allowable based on the number of acres shown on allats for each well.

Within the near future we will apply for a hearing before the Oil & Gas Conservation Commission to allocate acreage to the wells to be drilled on the west half of the western most sections of Townships 30N and 31N.

Very truly yours,
