17. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

This well has been temporarily abandoned since 1973 and we would like to retain the temporarily abandoned status until the well can be recompleted in a zone behind the pipe. We hope to recomplete the well in the Fruitland formation within the next 10 months.

The present condition of the well is such as to prevent damage to the producing zone, migration of hydrocarbons or water, the contamination of fresh water or other natural resources, or the leakage of any substance at the surface.

TEMPORARY ABANDONMENT
