Lease No. NM 03561  
San Juan Co., NM

Dear Mr. Corrigan:

Reference is made to your application requesting authorization to downhole commingle gas and associated liquid hydrocarbons from the Chacra, Mesaverde, and Dakota formations in the above referenced well. After reviewing the production history of the Chacra, Mesaverde, and Dakota formations, we have determined that these intervals have similar projected decline rates, pressures, and fluid characteristics. As such, we hereby approve your request for commingling. Upon completion, please provide allocation methodology.

If you have any questions, please contact Adrienne Garcia at (505) 599-6358 or the undersigned with this office at (505) 599-6367.

Sincerely,

Jim Lovato  
Team Leader, Petroleum Management Team
