17. DESCRIBE PROPOSED OR COMPLETED OPERATIONS (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)\*

This well is a small Pictured Cliffs well capable of production. It requires wellhead compression and makes a relatively large amount of formation water when producing. We are evaluating a water disposal plan for this lease and plan to have the well back on production within 60 days.
