13. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)*

Harken Southwest request permission to retain the current shut-in status until the proposed work is completed on the Rattlesnake #203 and economic results of that endeavor can be obtained. If the proposed rework of the Rattlesnake #203 proves to be unsuccessful then the subject wellbore will be permanently abandoned.

Harken Southwest should be able to determine whether or not any additional work on the subject wellbore can be justified by mid-June, 1996.

Should any additional information be required please contact Mr. Richard Cottle in the Farmington, NM office at telephone (505) 327-5531 or you may contact the undersigned at the above address/telephone number.
