Attention: Carl Matthews

Dear Mr. Matthews:

Aztec Oil & Gas Company is making application for administrative approval of the unorthodox location of the Koch State Com #1-A. This is an infill Mesaverde Well to be drilled 2110' FSL - 620' FEL of section 36, T29N, R9W, San Juan County, New Mexico.

Topography, specifically Largo Wash, has resulted in the unorthodox location. (see attachments)

If you do not object to the unorthodox location, please sign the bottom of this letter and forward to the New Mexico Oil Conservation Commission. Please also sign the attached copy and return for our files. Addressed envelopes are enclosed.

If you have any questions, please contact me. Thank you for your assistance.

Yours truly,

Curtis C. Parsons
