Re: Florance #48A 0-23-504-211
Florance #4A
Mansfield #1A

Dear Scott:

When requesting confidential records be kept on a well it is necessary that all reports submitted be stamped confidential. The Mansfield #1A and Florance #4A were not, and this information has already been open to the public.

As I explained before, all records that are not stamped confidential go into a general posting file, which PI and Hotline have daily access to. The completion reports were not stamped and therefore PI and Hotline have this information to report.

If the Florance #48A report comes to us as the above two, I cannot guarantee your request.

If you have any questions, please call.

Sincerely,

Luanne Hisel
