Re: Dugan Production Corp.
Sterling #2
J-8-29N-14W

Dear Tom:

I understand that the subject well produces through a positive displacement meter without a pressure monitor into a low-pressure pipeline at an average rate considerably below one million cubic feet per month.

Under these conditions I hereby declare the well exempt from deliverability tests as required by Order R-333-F-2.

If there are questions, please contact us.

Yours very truly,

A. R. Kendrick
