☐ New Construction

☐ Non-Routine Fracturing

☐ Water Shut-Off

☐ Conversion to Injection

☐ Dispose Water

(Note: Report results of multiple completion on Well Completion or Recompletion Report and Log form.)

13. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)*

Our water disposal well is in operation and can accept water for this well so that it could be returned to production. To accomplish this, we will have to set a compressor, separator, water tank, and have El Paso remove the blind plate from the meter run. Our ultimate plan is to connect the Federal I 5R, and the Federal I 4 to a common gathering system with this well so that production equipment and compressor can be shared.

We ask that we be given until 6/15/96 to construct this gathering system.

THIS APPROVAL EXPIRES DEC 01 1996

If you disapprove this request, this well will be producing by 12/31/95.

14. I hereby certify that the foregoing is true and correct

Signed

John Alexander
