RE: SULLIVAN GAS COM C-E-J-28-29N-10W

Dear Donna

The 1993 Bradenhead test on the referenced well indicated a casing failure. As your records will indicate you were directed to initiate remedial activity as soon as possible on January 19, 1994. We have had no reply and apparently no action has been taken. You are hereby directed to initiate remedial activity prior to December 13, 1994. Failure to comply may result in fines or allowable cancellation.

Yours Truly  
  
Charles Gholson  
Deputy Oil & Gas Inspector
