RE: Illegal Pits in Northwestern New Mexico
Amoco Archuleta #2, D-19-30N-08W

Dear Ms. Pundari:

New Mexico Oil Conservation Order R-8952 (for the protection of migratory birds) became effective June 15, 1989 and states that all pits and open tanks more than 16' in diameter shall be screened, netted or covered.

On June 28, 1993 field inspections revealed that the above mentioned pit contained standing oil. In order for this pit to be in compliance, you are hereby directed to remove all fluid or properly net this pit by August 2, 1993.

If you have any questions please feel free to call this office.

Sincerely,

Dianna K. Fairhurst
