Re: Amended C-102
Dugan's Com No. 1E (API No. 30-045-23940)
Unit A, Section 2, T-29N, R-14W

Dear Mr. Chavez,

Attached is the subject amended C-102 which presents a change in the footages from the north and east lines for our Com No. 1E. These new footages were determined during a survey of the central battery site for our Tabor Gathering System which is also on the Com No. 1E location. The changed footages do not affect the orthodox location of this well and are summarized as follows:

Original survey dated 10-30-79 - 810' FNL & 940' FEL
Survey of 2-5-01 - 666' FNL & 1097' FEL

Should you have questions, please let me know.

Sincerely,

John D. Roe
Engineering Manager
