☒ Change of Plans
☐ New Construction
☐ Non-Routine Fracturing
☐ Water Shut off
☐ Conversion to Injection

13. Describe Proposed or Completed Operations

This well was originally approved for plug and abandonment of the Chacra. The new scope of this workover is to fix the damaged 5 1/2" casing, acidize and test the Chacra zone, acidize the Dakota zone and commingle the Dakota and Chacra. Verbal approval has been received from the Oil Conservation Division to downhole commingle this well. All interests are common in both pools. If this acidization of the Chacra does not allow the Chacra to now produce, we will proceed with the original approved plan to plug and abandon the Chacra. Verbal approval to do this work was received from Steve Mason November 27, 2000.
