RECEIVED
NOV - 3 1994

OIL CON. DIV.
DIST. 3

P-329N-15W

Dear Mr. Chavez:

The purpose of this letter is to request that the Oil Conservation Division (OCD) inform me by letter at least 30 days before a public hearing will be scheduled regarding the OCD's requirement to have the S & I Oil Company plug the Nielsen #1 oil well located in Fruitland, New Mexico. The reason for this request is that I live in Virginia and would not be aware of the hearing or have an opportunity to react unless I am notified at least 30 days before the hearing.

We are actively negotiating with Mr. David Fentler, owner of Bilco Energy, to re-lease the Nielsen #1. We will avoid the need to plug the well if the well is leased again.

Your cooperation in the matter will be appreciated. On October 21, 1994 you informed my husband, during a telephone conversation, that this request would be placed in the appropriate file to ensure my notification before this hearing.

Respectfully,

Evelyn Brimhall Nielsen
