We plan to run 1200' of 1 1/4" tubing in well, with 1 1/4" bottom hole pump. We will pump well through tubing and vent gas through the casing. We will do this approximately 28 days if by this time we should know if the well is commercial. If the well is commercial we will Test well and hook up. If the well is not commercial we will request to plug and abandon. All work should be completed by December 15, 1982.
