Re: Palmer #1 G-17-29N-13W
N.E. Hogback State of N.M. #1 A-16-30N-16W

Dear Ralph:

The referenced wells have been temporarily abandoned with no foreseeable prospect of becoming producible.

The Palmer #1 has been abandoned for several years. Our last correspondence on this well is a letter from you promising that the well would be connected in April of 1984.

The State #1 was reentered and assigned an allowable. It was produced for a short time, but no C-115's have ever been filed.

You are hereby directed to plug and abandon these wells within six months. Any further temporary abandonment will be only after notice and hearing and posting of a bond large enough to cover estimated actual plugging costs.

Sincerely,

A handwritten signature in dark ink, appearing to read "Frank T. Chavez", written over a horizontal line.

Frank T. Chavez
District Supervisor
