Re: Palmer #1 6-17-29N-13W

Dear Ralph:

The last report you submitted on the referenced well stated that you would complete testing in December 1982. We have received no report of testing and inspection of the well site indicates that no work has been done. This well has been in temporary abandonment without authority and is also missing a well sign.

You are hereby directed to plug and abandon this well.

Sincerely,

A handwritten signature in dark ink, appearing to read "Frank T. Chavez".
