Re: Dustin #1E J-6-29N-12W

Dear Mr. Hoover:

Your recommended allocation of commingled production for the referenced well is hereby approved as follows:

For the first 3 months 160 MCFD and all oil will be allocated to the Dakota zone with the remainder, if any, allocated to the Chacra zone. After three months you will submit a new recommended allocation taking into account the current rate of production and the expected decline rate.

Sincerely,
