Re: Proposed New Rule 414

Dear Mr. Stamets:

I wish to offer my support for a rule which will protect my rights.

On February 2, 1984, Amoco Production Company began producing the Abrams Gas Com G #1 in which I own 40 acres of minerals. After a few months, I had not received any division orders for my royalty interest for the Pictured Cliffs zone. (I have leased my oil and gas minerals). After many conversations with Amoco, I had a meeting with Mr. Rusty Henderson in Tulsa, Oklahoma. He told me that Amoco was only selling their portion of the gas from the well and that my lessees were responsible for selling my royalty portions of the gas.

This didn't seem fair to me so in January of 1985, I went to see Mr. Chavez in your Aztec office. He made some telephone calls to Amoco and then shut the well down. The well has not produced since then, and I have not received one cent for my royalty in the gas that was produced. I have received no division orders from Amoco although they keep telling me that they are on the way, and there has been no money escrowed in San Juan County to my benefit.

My understanding is that I am due royalty for every bit of gas sold from the well. If this is not so then please tell me. Royalty payments should be automatic and should not need any hearings or law suits to force legitimate operators to pay them.

I am sorry that I cannot attend the hearing. Please have my letter read into the record of this hearing as an unsworn statement.

Sincerely,

Milton F. Lechner
