Re: Summit No. 6E
SENW 33-29N- 11W
Lease No. NM-020982
San Juan Co., NM

Dear Ms. Bradfield:

Reference is made to your proposal to use fixed allocation factors for the commingled gas and oil production in the above referenced well. After reviewing the information you supplied in your application and the production history for both the Dakota and Fruitland (sand) formations, you are hereby authorized to use the fixed allocation factors as outlined below:

<u>Formation</u>	<u>Gas</u>	<u>Oil</u>
Fruitland	52%	0%
Dakota	48%	100%

Commingled production from each zone must be reported in accordance with these established allocation factors. The effective date of commingling will be the date commingling first occurs.

If you have any questions regarding the above, contact Jim Lovato at (505) 599-6367.

Sincerely,

Errol Becher
