Gentlemen:

Your records will reflect that the above referenced well is currently in a temporarily abandoned status which expired on July 1, 1990.

We hereby request that such well once again be placed in a temporarily abandoned status. We are currently negotiating for the sale of said well as well as all rights below the Dakota Formation underlying the above referenced lease. The prospective owner has indicated strong interest in testing several zones behind the pipe in the subject well.

In addition to the foregoing, if the deep rights are not sold, said well should remain available for use by Tiffany as a salt-water disposal well to service Dakota wells being drilled by Tiffany in the immediate area.

Your favorable consideration of this request will be appreciated.

Very truly yours,

TIFFANY GAS CO.
