Dear Jerry:

Beta Development Company operates four wells which offset your proposed Mesaverde disposal well. These four Beta wells are the Martin 34-1, located in Section 34, T30N, R11W; the Martin 3-1, located in Section 3, T29N, R11W; the Martin A-1, located in Section 3, T29N, R11W and the Fogelson 4-1 in Section 4, T29N, R11W.

Beta Development Company has no objection to your disposing of water in the Mesaverde formation offsetting these wells.

Yours very truly,

John T. Hampton  
President
