Re: Unorthodox Location Albright 20

2205' FNL & 825' FEL Section 27, T29N-R10W San Juan County, NM

Dear Mr. LeMay:

Union Texas Petroleum requests administrative approval of an unorthodox location for an Otero Chacra completion. The basis for our request is for topographic reasons and the proximity of existing pipelines and production facilities. The well is located on the bank of the San Juan River.

The only offset operator, who has been notified of our intentions, is Amoco Production Company. A copy of their letter is attached for your review.

If I may be of any further assistance, please advise.

Very truly yours,

Robert C. Frank Permit Coordinator
