RE: Correction to Amended Administrative Order NSL-2634

Dear Mr. Clark:

It appearing to the Division that Amended Administrative Order NSL-2634, dated November 28, 1989 does not correctly state the intended order of the Division, it is therefore ordered that the location of the Northeast Blanco Unit Well No. 424 should be corrected to read "2075 feet from the North line". All other provisions of said order shall remain in full force and effect.

Sincerely,

Michael E. Stogner
Petroleum Engineer
