13. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)

BHP respectfully requests the BLM's approval to extend the venting time by 90 days on the subject well. Due to extended dewatering and flow testing time, the thirty day venting limitation would make this well uneconomical to operate.
