ROPCO 4-2

6/02/01 Tested casing to 1000# PSI with American Cement Truck after cementing longstring.

Do I need to send a sundry on this.

Please let me know.

Thank you,

John Whisler

There are no recreational areas, Areas of Critical Environmental Concern (ACECs), or wilderness areas within the project area. The Proposed Action is located in the Coal Belt designated Special Management Area (SMA).

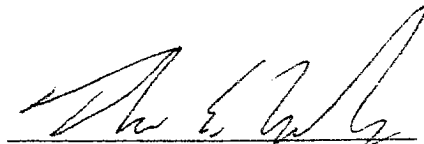

The proposed action should not impact any floodplains or stock ponds.

13. Operator's Representative and Certification

The person who can be contacted concerning compliance of the Surface Use Plan is:

Thomas E. Mullins
Synergy Operating, LLC
5101 N. College Blvd.
Suite 5050
Farmington, NM 87402
(505) 566-3725

I hereby certify that I, or persons under my direct supervision, have inspected the proposed drilling site; that I am familiar with the conditions which currently exist; that the statements made in this plan, are, to the best of my knowledge, true and correct; and that the work associated with operations proposed herein will be performed by Synergy and its contractors and subcontractors in conformity with this plan and the terms and conditions under which it is approved. The statement is subject to the provisions of 18 U.S.C. 1001 for the filing of a false statement.
