Dear Frank

While it will be several months before the approved APDs arrive from BLM due to well locations on Navajo Tribal land, I have enclosed the proofs of delivery for one Richardson APD (Navajo 27 #3) and three Dreyfus (Hancock 32 1 R, Holloway 6 1, and Mudge A 8 R) APDs. All four wells required operator notice under Rule 102 due to proposed wells in quarter-quarters with existing wells.

Please call me if you have any questions.

SH

Sincerely,
