^{*}Should univers from all offset operators not accompany an application for administrative approval, the New Mexico Oil Conservation Commission until hold the application for a period of twenty (20) days from date of receipt by the Commission's Santa Fe office. If, after said twenty-lay period, no protest nor request for hearing is received by the Santa Fe office, the application will then be processed.

MOTE: If the proposed multiple completion will result in an unorthodox well location and/or a non-standard proration unit in One or more of the producing zones, then separate application for approval of the same should be filed simultaneously with this application.
