THE APPLICATION OF PAN AMERICAN PETROLEUM CORP.  
FOR PERMISSION TO EFFECT DUAL COMPLETION  
OF ITS GONZALES GAS UNIT "A", WELL NO. 1,  
LOCATED IN THE NE/4 SE/4 OF SECTION 20,  
TOWNSHIP 29 NORTH, RANGE 10 WEST, NMPM,  
SAN JUAN COUNTY, NEW MEXICO, IN SUCH A  
MANNER AS TO PERMIT THE PRODUCTION OF GAS  
FROM AN UNDESIGNATED FRUITLAND POOL AND  
THE PRODUCTION OF GAS FROM THE AZTEC-  
PICTURED CLIFFS POOL.

Order No. DC-851

ADMINISTRATIVE ORDER  
OF THE OIL CONSERVATION COMMISSION

Under the provisions of Rule 112-A (c) Pan American Petroleum Corporation made application to the New Mexico Oil Conservation Commission on November 23, 1959, for permission to dually complete its Gonzales Gas Unit "A", Well No. 1, located in the NE/4 SE/4 of Section 20, Township 29 North, Range 10 West, NMPM, San Juan County, New Mexico, in such a manner as to permit the production of Gas from an undesignated Fruitland Pool and the production of Gas from the Aztec-Pictured Cliffs Pool.

Now, on this 9th day of December, 1959, the Secretary-Director finds:

- (1) That application has been duly filed under the provisions of Sub-section 'c' of Rule 112-A of the Commission's Rules and Regulations;
- (2) That satisfactory information has been provided that all operators of offset acreage have been duly notified; and
- (3) That no objections have been received within the waiting period as prescribed by said rule.
- (4) That the proposed dual completion will not cause waste nor impair correlative rights.
- (5) That the mechanics of the proposed dual completion are feasible and consonant with good conservation practices.

IT IS THEREFORE ORDERED:

That the applicant herein, Pan American Petroleum Corporation, be and the same is hereby authorized to dually complete its Gonzales Gas Unit "A", Well No. 1, located in the NE/4 SE/4 of Section 20, Township 29 North, Range 10 West, NMPM, San Juan County, New Mexico, in such a manner as to permit the production of Gas from an undesignated Fruitland Pool and the production of Gas from the Aztec-Pictured Cliffs Pool, through parallel strings of tubing.

PROVIDED HOWEVER, That applicant shall complete, operate, and produce said well in accordance with the provisions of Section V, Rule 112-A.

PROVIDED FURTHER, That applicant shall take packer-leakage tests upon completion and annually thereafter during the Annual Deliverability Test Period for the Aztec-Pictured Cliffs Pool.

IT IS FURTHER ORDERED: That jurisdiction of this cause is hereby retained by the Commission for such further order or orders as may seem necessary or convenient for the prevention of waste and/or protection of correlative rights; upon failure of applicant to comply with any requirement of this order after

**Abstract**—The purpose of this study was to determine if there were differences in the prevalence of musculoskeletal disorders among different types of workers. The subjects included all employees of a large manufacturing company who had been employed at least one year. A questionnaire was mailed to each employee asking about symptoms of musculoskeletal disorders and work-related factors. The response rate was 70%. The results showed that the prevalence of musculoskeletal disorders was higher among non-manual workers than manual workers. The prevalence of musculoskeletal disorders was also higher among those working in the production department than those working in other departments. The prevalence of musculoskeletal disorders was higher among those working in the production department who were female than male. The prevalence of musculoskeletal disorders was higher among those working in the production department who were older than younger. The prevalence of musculoskeletal disorders was higher among those working in the production department who had more years of experience than less experience. The prevalence of musculoskeletal disorders was higher among those working in the production department who had more hours of overtime than less overtime. The prevalence of musculoskeletal disorders was higher among those working in the production department who had more physical demands than less physical demands. The prevalence of musculoskeletal disorders was higher among those working in the production department who had more mental demands than less mental demands. The prevalence of musculoskeletal disorders was higher among those working in the production department who had more social demands than less social demands. The prevalence of musculoskeletal disorders was higher among those working in the production department who had more job satisfaction than less job satisfaction. The prevalence of musculoskeletal disorders was higher among those working in the production department who had more organizational commitment than less organizational commitment. The prevalence of musculoskeletal disorders was higher among those working in the production department who had more turnover intention than less turnover intention.

On this day of record, 1991, the Secretary-General

protection for birds and mammals and the protection of birds and mammals. (2)  
for the purpose of the protection of birds and mammals and the protection of birds and mammals.

14. That the proposed land completion will cause waste for impairment

(c) That the mechanics of the proposed dual competition are feasible and that the good conservation practices.

the same is hereby authorized to hereby execute the Gas Sale "A", well No. 1, located in the NE 1/4 of Section 30, Township 29 North, Range 10 West, T10N, R10W, Garza County, New Mexico, in such a manner as to permit the production of Gas from an undisturbed Gashill and the production of Gas from the Gashill through vertical strings of tubing.
