RE: Rosa Unit #101M, ~~K~~-24-31N-06W, API 30-039-25577

TO Whom It May Concern:

The 1998 Packer Leakage Test on the referenced wells indicate there is communication between the producible zones. In order to comply with Rule #112A, you are hereby directed to initiate remedial activity and retest the well to show separation of the zones prior to January 15, 1999. Please notify the Aztec OCD in time to witness the retest.

Feel free to call me at 334-6178, ext 16, if I can be of any help.

Sincerely,

Charlie T. Perrin  
Deputy O&G Inspector
