If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)*

Williams Production Company is requesting a six month extension on the Application for Permit to Drill for the Rosa Unit Well #184A that was approved on March 23, 2000. The reason for the request for extension is because the Rosa Unit Well #184A was not drilled before the seasonal winter closure on the Carson National Forest that is in effect from November 1 to March 31.
