Attn: Mr. William Cutler

Dear Mr. Cutler:

The packer-leakage test which was submitted on August 17, 1967, for your Ludwick #7 well, located L-31-30N-10W, indicates definite communication between the producing zones.

You are therefore directed to take immediate remedial action to segregate the producing zones in accordance with the Commission Order authorizing the dual completion.

Yours very truly,

Emery C. Arnold
Supervisor, District #3
