Mr. P. T. McGrath, District Engineer
U. S. Geological Survey
P. O. Box 965
Farmington, New Mexico

Re: CHANGE OF LOCATION
#1-35 Aztec
NW NW Sec. 35-30N-14W
San Juan County, N. Mex.

Dear Mr. McGrath:

Although we received approval of our Notice of Intention to Drill which was forwarded to your office on the 26th of February, inasmuch as that location was unorthodox for Gallup spacing, we have changed the location.

Accordingly, we are enclosing, in quintuplicate, Notice of Intention to Drill, Form 9-331a, and Well Location and Acreage Dedication Plat, Form C-128, showing the new location, which we understand will conform to both the Dakota and Gallup spacing regulations.

Two copies each of Form 9-331a and C-128 are going forward to the New Mexico Oil Conservation Commission with a copy of this letter.

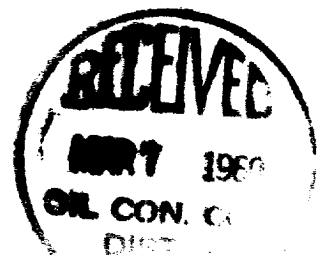

Yours very truly,

COMPASS EXPLORATION, INC.

Re: CHANGE OF LOCATION
41-33 AS-30
IN NW Sec. 33-30N-12W
San Juan County, N. Mex.

Dear Mr. McGraw:

Although we received reports of our failure of intention
to drill which was forwarded to your office on the 12th
of February, inasmuch as that location was unsuitable for
drilling operations, we have changed the location.

Accordingly, we are enclosing, in duplicate, Notice
of intention to drill, Form 2-331a, and Well location and
Acresage location plat, Form 2-128, showing the new
location, which we understand will conform to both the
Utah and Gallup spacing regulations.

Two copies each of Form 2-331a and 2-128 are being forwarded
to the New Mexico Oil Conservation Commission with a copy
of this letter.

Yours very truly,

COMPASS EXPLORATION, INC.
