*Re: Monsanto Chemical #1 Vierson  
A-19-30N-13W, Basin-Dakota Pool*

*Dear Sir:*

*Lack of well designation and an error in field position caused me to send a letter relative to subject well in error on February 24, 1961. Mr. Duke stopped by to advise me of my error.*

*I find, by field inspection, that subject well is not in violation as indicated by the aforementioned letter.*

*Please excuse my error.*

*Yours very truly*

Engineer, District #3*
