RE: UN-NETTED PITS IN VIOLATION OF ORDER R-8952

Dear Denver:

A field inspection conducted on August 11, 1994 revealed that the dehydrator pit at the Amoco Production Co., **Florance #7 B-23-30N-09W** contains 5 BBLS of water with a 1/2" skim of oil and the dehydrator pit at the Amoco Production Co., **Florance #9 M-13-30N-09W** contains 2 BBLS of oil. The applications for exception to the Order (Form C-134) are not approved and you are hereby directed to screen or net the pits prior to September 15, 1994.

Yours Truly
