The Oil Conservation Commission has approved the above-captioned one-well plugging bond covering the described operation which you have taken over from Mr. Harmon Owen. The approval may be considered effective as of February 26, 1953.

Mr. Owen's blanket bond has been on file in this office since July 18, 1951. Inasmuch as you have now assumed liability for the described tract, it is considered that he is no longer liable as to plugging responsibility for the well drilled thereon, and he is now being so notified.

Very truly yours,
