Re: Malco Copple #2, C-05-30N-15W

Dear Mr. Hand:

It will be necessary to submit a Division from C-104 showing a change of operator before disposal can commence. Additionally, as per Order No. R-8100, the operator must notify this office of the date and time of the installation of disposal equipment and mechanical integrity test so that the test can be witnessed by Division personnel. The well and equipment must pass the mechanical integrity test before disposal can commence. A form C-104 is enclosed for your reference.

Yours truly,

  
Carolyn J. Taplin  
Field Representative
