## III. DESIGNATION OF TRANSPORTER OF OIL AND NATURAL GAS

|                                                                                                                                               |                                                                                                                         |
|-----------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------|
| Name of Authorized Transporter of Oil <input checked="" type="checkbox"/> or Condensate <input type="checkbox"/><br><b>Inland Corporation</b> | Address (Site address to which approved copy of this form is to be sent)<br><b>P.O. Box 1528 Farmington, N.M. 87401</b> |
| Name of Authorized Transporter of Gas <input type="checkbox"/> or Dry Gas <input type="checkbox"/><br><b>Mc Dougald Oil Co.</b>               | Address (Site address to which approved copy of this form is to be sent)<br><b>Box 309 Moab, Utah 84532</b>             |
| If well produces oil or liquids, give location of tanks.<br><b>P 36 30N 17W</b>                                                               | Is gas actually connected? <b>No</b>                                                                                    |

If this production is commingled with that from any other lease or pool, give commingling order number:

## IV. COMPLETION DATA

| Designate Type of Completion - (X)   | Oil Well                    | Gas Well        | New Well     | Workover | Deepen | Plug Back | Same Res'v. | Diff. Res'v. |
|--------------------------------------|-----------------------------|-----------------|--------------|----------|--------|-----------|-------------|--------------|
| Date Spudded                         | Date Compl. Ready to Prod.  | Total Depth     | P.B.T.D.     |          |        |           |             |              |
| Elevations (DF, RKB, RT, GR, etc.)   | Name of Producing Formation | Top Oil/Gas Pay | Tubing Depth |          |        |           |             |              |
| Perforations                         | Depth Casing Shoe           |                 |              |          |        |           |             |              |
| TUBING, CASING, AND CEMENTING RECORD |                             |                 |              |          |        |           |             |              |
| HOLE SIZE                            | CASING & TUBING SIZE        | DEPTH SET       | SACKS CEMENT |          |        |           |             |              |
|                                      |                             |                 |              |          |        |           |             |              |
|                                      |                             |                 |              |          |        |           |             |              |
|                                      |                             |                 |              |          |        |           |             |              |

## V. TEST DATA AND REQUEST FOR ALLOWABLE OIL WELL

(Test must be after recovery of total volume of load oil and must be equal to or exceed top allowable for this depth or be for full 24 hours.)

|                                 |                  |                                               |            |
|---------------------------------|------------------|-----------------------------------------------|------------|
| Date First New Oil Run To Tanks | Date of Test     | Producing Method (Flow, pump, gas lift, etc.) |            |
| Length of Test                  | Testing Pressure | Casing Pressure                               | Choke Size |
| Actual Prod. During Test        | Oil-Bbls.        | water-Bbls.                                   | Gas-MCF    |

## GAS WELL

|                                     |                           |                           |                       |
|-------------------------------------|---------------------------|---------------------------|-----------------------|
| Actual Prod. Test-MCF/D             | Length of Test            | Bbls. Condensate/MMCF     | Gravity of Condensate |
| Testing Method (piston, back prod.) | Tubing Pressure (Shut-in) | Casing Pressure (Shut-in) | Choke Size            |

## VI. CERTIFICATE OF COMPLIANCE

I hereby certify that the rules and regulations of the Oil Conservation Commission have been complied with and that the information given above is true and complete to the best of my knowledge and belief.

## OIL CONSERVATION COMMISSION

APPROVED \_\_\_\_\_, 19\_\_\_\_  
BY \_\_\_\_\_  
TITLE \_\_\_\_\_

This form is to be filed in compliance with RULE 1104.

If this is a request for allowable for a newly drilled or deepened well, this form must be accompanied by a tabulation of the deviation tests taken on the well in accordance with RULE 111.

All sections of this form must be filled out completely for allowable on new and recompleted wells.

Fill out only Sections I, II, III, and VI for changes of owner, well name or number, or transporter, or other such change of condition. Separate Forms C-104 must be filed for each pool in multiple
