(INDICATE ABOVE BY CHECK MARK NATURE OF REPORT, NOTICE, OR OTHER DATA)

November 9, 1962

Well No. 150 is located 660 ft. from N line and 1900 ft. from E line of sec. 30
SW/4 Sec. 30 T30N R18W NMZN
 (1/4 Sec. and Sec. No.) (Twp.) (Range) (Meridian)
Rattlesnake Dakota San Juan County New Mexico
 (Field) (County or Subdivision) (State or Territory)

The elevation of the derrick floor above sea level is 5217 ft. (Corrected to Derrick Floor for Cable Tool Rig.)

DETAILS OF WORK

(State names of and expected depths to objective sands; show sizes, weights, and lengths of proposed casings; indicate mudding jobs, cementing points, and all other important proposed work)

Refer to Notice of Intention to Drill dated 10-11-62. We propose to change drilling procedure as follows from that originally reported:

Drill with Cable Tools instead of Rotary; and set approximately 20' of 9 3/8" Surface Casing and cement to surface.

Balance of original intention concerning T.D., formation, and production casing remain unchanged.

I understand that this plan of work must receive approval in writing by the Geological Survey before operation may be commenced.
